## Learn How to Save a Life...and Earn CEUs in the Process

Many Red Cross course takers—such as nurses, social workers, recreation professionals, teachers and day care providers—are professionals who need continuing education units to maintain a license and/or certification. In order to provide this added service to our customers, the American Red Cross has been approved as an Authorized Provider by the International Association for Continuing Education and Training (IACET). IACET's Criteria for Quality Continuing Education and Training Programs are the standards by which hundreds of organizations measure their educational offerings. As an IACET Authorized Provider, the American Red Cross offers CEUs for its programs that qualify under IACET guidelines.

## Apply for CEUs Online

The Red Cross makes it easy for you to obtain CEUs online at [www.redcross.org/store](http://www.redcross.org/store). CEUs are offered as an add-on to training courses completed through the American Red Cross. Visit [www.iacet.org](http://www.iacet.org) to review a list of companies, regulatory boards and organizations that have reported to accept the IACET CEU. Individuals are strongly encouraged to check with their specific regulatory boards, employers or other agencies to confirm that courses taken from IACET Authorized Providers and courses taken for IACET CEUs will be accepted by that entity.
